§21-3D-1. Definitions.

For purposes of this article:

(a) "Commissioner" means the Commissioner of the Division of Labor, or his or her authorized representative.

(b) "Crane" means a power-operated hoisting machine used in construction, demolition, or excavation work, which has a power-operated winch and load line and a power-operated boom that moves laterally by the rotation of the machine on a carrier, and which has a manufacturer's rated lifting capacity of more than 2,000 pounds. "Crane" does not mean a forklift, digger derrick truck, bucket truck or any vehicle, aircraft, or helicopter, or equipment which does not have a power-operated winch and load line.

(c) "Tower crane" means a crane in which a boom, swinging jib, or other structural member is mounted on a vertical mast or tower.

§21-3D-2. Certification required.

A person may not operate a crane or tower crane without certification issued according to OSHA regulation 29 CFR §1926.1427 Subpart CC and any amendments that may be made from time to time. Any certifications that may expire in calendar year 2021 shall not expire until January 1, 2022. The commissioner may enter into a cooperative agreement with OSHA to assist in the enforcement of this section.

§21-3D-3. Inapplicability of local ordinances.

On January 1, 2022, and thereafter, a political subdivision of this state may not require, as a condition precedent to the operation of a crane or tower crane in the political subdivision, a person who is certified according to OSHA regulation 29 CFR §1926.1427 Subpart CC, to have any other license or other evidence of competence as a crane operator.
